Dear Members of the EAAE Election Committee,

This letter is intended to announce my candidacy to renew my position as an EAAE Council Member during the election process to be held during the General Assembly on August 30th, 2015, in Milan (Italy).

Since I became an Architect and started my career as a Professor at the Valencia School of Architecture I always have deeply believed in the benefits of mutual collaboration and interchange among institutions. That is why I have enrolled quite a lot of activities akin to internationality and exchange in Architecture. One of these activities was attending for my first time the Meeting of European Heads of Schools of Architecture in Chania in 2012. There I discovered EAAE and all what it means. I enjoyed it so much that I decided to do my bit for the association by presenting my candidacy to be a Council Member in the next General Assembly.

Having been elected Council Member during the General Assembly held in Leuven on June 15th, 2013, since that moment I have been responsible for the EAAE website new design and management. Having enjoyed my time since then, having the full support of my school and still feeling useful for the association I express with this candidacy my desire to be a Council Member for another term.

This announcement letter comes along with two additional documents displaying both my CV and the support of my school to my candidacy.

Sincerely yours,

IVAN CABRERA i FAUSTO
