Support Declaration

The director of the Ecole Nationale supérieure d'architecture de Versailles supports the candidacy of prof. Nicolas Pham for the position of Vice-president of the EAAE.

As Chairman of the school's International Committee, he is one of the teachers most involved in our school's international projects and partnership development and plays a very active role in defining our school's international strategy. He therefore has all the qualities needed to become Vice-president of the EAAE.

Should he become Vice-president of the EAAE, our school undertakes to make the necessary resources available to enable him to carry out his duties.

Versailles, 10/09/2024

The director of ENSA Versailles
Jean-Christophe Quinton
